**Edenspiekermann - edenspiekermann.com** (Development Intern in the Berlin office. React, Redux, Rails, Google AMP, Craft CMS)

current

**In The Pocket - inthepocket.com** (React & React Native developer, full stack Javascript developer)

## Skills

Development

**Javascript** (ESnext, Functional Programming, React, Node...) / **Bash** (I actually prefer using the shell over a GUI!) / **Git** (is a standard for me, advanced level) / **API** (Express, Hapi) / **Serverless** (Docker, FaaS, Headless CMS, Contentful, Microservices)

Video

**Notion of Premiere Pro, After Effects, Cinema 4D**

Design

**Sketch / Figma / Zeplin**

Other tidbits

Extensive knowledge of **macOS** / Proficient in **Linux** systems / Adapt to new **cutting edge** technologies / Experience tinkering with **Raspberry Pi & IoT** / Huge interest in automation, tooling and workflow / Able to quickly adapt to a new framework, language or tool

## Awards & Achievements
