From the Desk of Mayor Frank Nunziato

Today marked an important milestone for the Williams Center. I'm happy to announce that Native Center Development, under the leadership of Managing Member Chuck Olivo, has officially purchased the Williams Center property from the Borough.

This is a great step forward for the arts in Rutherford. Chuck has pledged his dedication to creating a space that will be a catalyst for the arts that our community will be proud of for years to come. Please join me in wishing Chuck and Native Center Development the best in their future with this project.

I'd like to remind everyone to join us down at Memorial Field for the first ever Rutherford Day. There will be tournaments, food vendors, a beer garden, live music and DJ as well as over two dozen community groups in attendance.

After such a difficult and challenging year and a half, I'm really looking forward to seeing so much of our community together in one place. So many of our non-profit organizations have not been able to fundraise or raise awareness due to COVID and it's important that residents visit them throughout the day to remember all the groups that work to make Rutherford special every day.

After the festivities at the park, don't forget to have dinner up on Park Ave where we will be closing out the Dining Out evenings for the year with a special performance by Super TransAm with Rutherford's own James McGill. Make your reservations now!

Thank you to Felician University for lending their Shuttle Bus for a continuous loop from their parking lot to Memorial Field. I'd also like to thank the staff at the Rec Department and our Communications Manager Kim Bogosian for all the hard work they've put into the first of what I hope will be many Rutherford Days to come. See you there!

Sincerely,
- Mayor Frank Nunziato
