Evans St	Feronia Way	70' w/o Eastern Way
Evans St	30' e/o Highfield Ln	Elycroft Pkwy
Orient Way	Barrows Ave	Woodland Ave

Please note that this project will have multiple stages of work. First, main gas lines in the street will be upgraded. Following the gas main installation, individual gas lines to businesses and houses in the area will need to be replaced and meters will be moved to the outside of the buildings.

If work is necessary to your location, you will be contacted by a PSE&G representative to schedule an appointment to access your home or business.

Upon the completion of all new main and service line work, the old gas lines will be abandoned and the ground will be given time to settle.

PSE&G will then begin restoration of any roadways or properties disturbed as a result of the work.

We apologize for any inconvenience. For more information, please visit our website at www.pseg.com/gaswork or please call our dedicated hotline at 1-833-661-6100.

Thank you.
