

Disposable face mask (BFE \geq 98%)

Disposable face mask (BFE \geq 98%)

Technical information

Typology: Disposable face mask

Model: BHKZ-001

Standard: EN 14683-2019 + AC:2019, YY/T0969-2013

Size: 175 mm x 95 mm

Bacterial filtration efficiency: \geq 98%

Features: Splash resistant

Structure: mask body, nose clip and mask belt

Validity period: 12 months

Allergy warning: Non-woven textile

Fitting instructions

1. With the blue side facing outwards, place it over the nose and mouth, with the nose clip facing upwards. Then place the loops behind the ears.
2. Gently press on the nose clip in order to adjust it to the nose.
3. Pull the lower part of the mask so that it is beneath the chin and check that it fits well.

Important information

- Hypo-allergenic waterproof polypropylene material, including flexible nasal clip.
- CE Test Report issued by Intertek (No.: PRTT00078126, 01/10/2020).
- Conditions for storage: To be stored in an area with relatively low humidity, free from corrosive gases and well ventilated, avoiding high temperatures ($>40^{\circ}\text{C}$).
