8 January 2015

Dear parents and carers

You will be aware that we were inspected by Ofsted in December 2014.

We have now received a copy of the final report, and I am delighted to attach this for your information.

Our Overall Effectiveness has been judged as being "Outstanding". All of the categories considered by the inspectors (Leadership and Management, Behaviour and Safety of pupils, Quality of Teaching, Achievement of pupils, Sixth Form provision) were also all judged as "Outstanding".

The report is overwhelming positive, with notable comments including:

- "students achieve outstandingly well in literacy and numeracy, acquiring some excellent accreditation".
- "outstanding promotion of students' spiritual, moral, social and cultural development leads to their exceptional personal development".
- "students' behaviour is outstanding. The students are extremely polite and helpful."
- "teaching is typically outstanding".
- "students are prepared exceptionally well for their lives after leaving school through their outstanding progress".
- "the school's work to keep students safe and secure is outstanding".

We are delighted that the report demonstrates the excellent quality of education provided by The Isis Academy, which is made possible by a highly skilled and dedicated staff team and governing body.

I am sure you will share my pride in the achievements of our school community. I would like to thank staff for their commitment to ensuring our students achieve their very best, and to our pupils for engaging so well with the inspectors.

The report will be available from the school website from 9 January 2015, and from the Ofsted website (www.ofsted.gov.uk) from 11 January 2015.

Yours sincerely

Mrs K Willett
Head Teacher
