

## 【Focus on Needs】 AIM Active Technology

In 2006, AIM released Japan's first active equalizer industrial cable. Our technology has gained overwhelming support resulting in the development for the latest 4K model.

### HDMI 18G Install Cable [IM4K] NEW

- Newest built-in equalizer which transmits stable 4K/60p 18Gbps signal.
- Focused on ability and quality leads to superior cost performance.
- All products are tested for quality assurance at 18Gbps before shipment.

Product Name	HDMI 18G Install Cable
Model Number	IM4K-10, IM4K-12, IM4K-15
Length	10m, 12m, 15m
Maximum Resolution	4K/60p 24bit (4:4:4) or 4K/60p 36bit (4:2:2)
HDMI Standard	HDMI2.0a Base
Connector Size	Source : W20mm×H33mm×D11mm Display : W20.5mm×H44mm×D11.2mm
Cable Configuration	HC-OFC (Oxygen Free High Conductivity Copper)
Outer Cable Diameter	8.5 φ
Cable Color	Black

\*We do not guarantee connectivity with all commercially available devices

Model Number	Length
IM4K-10	10m
IM4K-12	12m
IM4K-15	15m
