

Online Safety Conversation

Class objective- I will be able to understand and speak on Online safety.

Concept A: Talk about the safety tips

These tips will help you stay safe online

1. Explore together — ask your mum, dad, carer or a trusted adult to play new games or apps with you at first.
2. Stay close by — when you use a phone, tablet or computer by yourself, make sure your mum, dad or carer is nearby so you can get help if you need it.

Bonus tip — don't use your device alone in your bedroom.
3. Ask before you download, install or buy anything — check with your mum, dad or carer first.
4. Keep your personal information private — don't give out your address, which school you go to, phone number or passwords.
5. Check your privacy settings and talk about what to share — make your online accounts private and talk to your mum, dad or carer about the kinds of photos and information it is OK for you to share online.
6. Cyberbullying — if you receive a mean message, or a message that is mean about someone else, try not to respond and don't forward it.
Tell an adult you trust about it
7. If you see something online you don't like — show your mum, dad, carer or a trusted adult immediately.
