Writing short notes, postcards, messages

Class Objective

To learn the concept of writing short notes, postcards, messages.

Concept A: Notes/paragraph

Let's see how to write a paragraph or short notes in Spanish.

1. Verb Conjugation First

~ To succeed at composing a basic paragraph/notes in Spanish, you must first decide what tense is the most appropriate.

2. Opening Sentence

The opening sentence in your paragraph/notes lets your reader know what exactly you are going to discuss.

Concept A: Notes/paragraph

Example:

Para comenzar, la autora incluye personajes fantásticos en su libro.

El personaje Barrabás es un perro inusual por su tamaño; el perro es simplemente enorme.

(To begin, the author includes fantastic characters in her book. The character Barrabas is an unusual dog due to his size; the dog is simply enormous.)

Concept A: Notes/paragraph

~ As you can see, expressions like para comenzar (to begin) to connect paragraphs. You can use words like these:

- En primera instancia (In a first instance)
- En primer lugar (In the first place)
- Para empezar (To start)
- Primeramente (Firstly)

Concept A: Notes/paragraph

3. Writing Sentences

As for writing sentences?

you can keep things simple in your composition by following basic sentence structure: a subject, a verb in the correct tense, and a complement (or predicate).
