Date: February 3 | 4:00-5:00pm

Present: Brandon (driver), Jasmine (navigator), Collin (navigator)

Agenda:

1. Discuss deliverable goals
2. Implement batching
3. Discuss deliverables

Minutes:

1. We confirmed the milestone requirements on the google doc. Focus for development is batching, unit testing, and basic deliverables.
2. Brandon, Jasmine, and Collin will pair programmed and navigated with one another to the implementation of batching. We used a troubleshoot session with each other during this time.
3. We all learned about how we could implement deliverables and their outlines.

Next tasks/ items:

1. Prepare for the coding environment by reviewing with about batching and plan to implement/test until tuesday.

Meeting #3

Date: February 6th | 8:00-9:00pm

Present: Brandon (driver), Jasmine (navigator), Collin (navigator)

Agenda:

1. Complete batching and unit testing
2. Create deliverables
3. Milestone report

Minutes:

Date: February 3 | 4:00-5:00pm

Present: Brandon (driver), Jasmine (navigator), Collin (navigator)

Agenda:

1. Discuss deliverable goals
2. Implement batching
