

Activity - Week 27

Advanced- Guess the Synonym

Class Objective: I am able to figure out the synonyms of the given words.

Concept A: Introduction

A synonym is a word or phrase that means the same (or very nearly the same) as another word or phrase. Words that are synonyms are described as *synonymous*.

- He is happy /glad.

(*Happy* and *glad* are synonymous.)

- Actress Kate Beckinsale studied / read French and Russian literature at Oxford.

(*Studied* and *read* are synonymous.)

Concept B: Importance of synonyms

They are important because synonyms can help you enhance the quality of your writing by providing your readers with a crisp and unique outlook of your text.

For example, instead of using the word “beautiful” several times in your text, you might use synonyms such as “gorgeous,” “stunning,” or “ravishing” to better paint a picture of your description. Using just one word repeatedly will ensure that you will lose the attention of your audience simply out of boredom!
