## Idioms based on business

**Class Objective:** I was able to understand idioms on health it's meanings and their usage in sentences.

### Concept A: What is the meaning of an Idiom?

Definition: An Idiom is a group of words whose meaning is not directly linked to those of the individual words. The meaning of the idiom is not the literal meaning of the words. They can be either a part of a sentence or a full-sentence and can be used independently.

Examples:

- Shop around- to go to different stores to compare prices.

The rewards of working hard by getting my hands dirty is truly immense.

- On the back foot : outmanoeuvred by a competitor or opponent

The team was immediately on the back foot with 2 wickets falling in the first over.
