

Paraphrase practice 1

Beg-Paraphrase

Class Objective: I will be able to paraphrase the given content

Concept A: Introduction

Paraphrasing is expressing the meaning of something written by using different words, to achieve greater clarity. It is rewriting of a content without changing the meaning of the original text.

Sample- **The children were** starving after the match.

Paraphrase- The children were very hungry after their game.

Concept B: Importance of paraphrasing

Paraphrase helps to convey the meaning of the original message clearly. It shows that one has understood the passage well enough to restate it.

- Read and understand the text.
- Restate in your own words.
- Recheck if all details are included from the original.
- Reread and repair for any grammatical errors.

Concept C: Steps for paraphrasing.

- The paraphrase should provide an accurate understanding of the content.
- Understand the original text with its meaning
- Include all the main points or concepts.
- Do not copy the text, it should be in your own words.
- Change the structure of the text.
- Reorder the sentences by lengthening or shortening sentences.
- It can be the same length or shorter than the original content.
- Synonyms or simpler words can be used as required.
- We must not make any assumptions or add additional information.
- Neither should we give our own opinion.
- We must avoid flowery language or any abbreviations.

Concept D : Sample

1. **Introduction**

2. **Background**

3. **Method**

- 1. **Study Design**
- 2. **Participants**
- 3. **Intervention**

4. **Results**

- 1. **Primary Outcome**
- 2. **Secondary Outcome**
- 3. **Subgroup Analysis**

5. **Conclusion**

- 1. **Summary**

6. **References**

7. **Appendix**

8. **Supplementary Material**

9. **Footnote**

- 1. **Footnote 1**
- 2. **Footnote 2**
- 3. **Footnote 3**

10. **Page Number**

1. **Introduction**

2. **Background**

3. **Method**

- 1. **Study Design**
- 2. **Participants**
- 3. **Intervention**

4. **Results**

- 1. **Primary Outcome**
- 2. **Secondary Outcome**
- 3. **Subgroup Analysis**

5. **Conclusion**

- 1. **Summary**

6. **References**

7. **Appendix**

8. **Supplementary Materials**

9. **Notes**

- 1. **Notes**
- 2. **Notes**
- 3. **Notes**

10. **References**

1. **Introduction**

This document describes the system architecture and components.

2. **System Architecture**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

3. **System Components**

- 1. **System Overview**
The system is designed to provide a comprehensive solution for managing data and resources. It consists of several key components that work together to ensure efficient operation.
- 2. **System Components**
The system is composed of the following main components:
 - 1. **System Overview**
 - 2. **System Components**
 - 3. **System Flow**
- 3. **System Flow**
The system flow is designed to be intuitive and easy to use, allowing users to navigate through the system with minimal effort.

4. **System Flow**

- 1. **System Overview**
The system is designed to provide a comprehensive solution for managing data and resources. It consists of several key components that work together to ensure efficient operation.

5. **System Flow**

This document describes the system architecture and components.

This document describes the system architecture and components.

6. **System Flow**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

7. **System Flow**
