#### **Concept B: Expressions:**

- Well, I would like to talk about “The Walking Dead”, which is an American television drama **series** that I have recently become **crazy about**.
- As you might not know, The Walking Dead is the most popular TV show **on air** right now and everybody **across the globe** watches it. It **portrays** the world after a zombie **apocalypse**, where society has **crumbled** and there is no government to take care of the people's **welfare**.
- The show stars many talented and famous actors and actresses. Among them, I believe Andrew Lincoln, who plays the **leading role** of a police officer, leaves the most significant impression on **audiences** and me, mainly because of his outstanding acting skills and the devotion he put into every scene.
