

Advanced - Picture Talk

Class Objective: I will be able to imagine a conversation on the given picture and talk about it.

Concept: Look at the picture and imagine a conversation:

Teacher : So, What do we see in this picture?

Student : The above picture is about animals eating plastics.

Teacher : Yes, Can you elaborate more?

Teacher : Animals often eat plastic because they are not always able to distinguish plastic from food.

Student : Animals that accidentally eat plastic suffer and often die as a result of it. Swallowed plastic fills the stomach and not surprisingly this reduces the feeling of hunger. Animals eat less, obtain less energy, and weaken.

Teacher : Good! Larger pieces of plastic can also block their gastrointestinal tract so that the plastic can no longer be excreted. In other cases, plastic is ground into small pieces in the stomach and then scattered everywhere.

1. **Introduction**

This document is a template for a report or document.

2. **Objectives**

- 1. **Objective 1**
- 2. **Objective 2**
- 3. **Objective 3**

3. **Methodology**

- 1. **Methodology 1**
This methodology is used to collect data and analyze it. It involves a series of steps, including data collection, data analysis, and data interpretation.
- 2. **Methodology 2**
This methodology is used to collect data and analyze it. It involves a series of steps, including data collection, data analysis, and data interpretation.
- 3. **Methodology 3**
This methodology is used to collect data and analyze it. It involves a series of steps, including data collection, data analysis, and data interpretation.

4. **Results**

- 1. **Result 1**
This result is the outcome of the first methodology. It shows that the data collected is consistent with the objectives.

5. **Conclusion**

This document is a template for a report or document.

This document is a template for a report or document.
