# Possessive pronouns

# Class Objective

I will be able to learn about  
possessive pronouns and its use in  
German language

## Concept A:

The possessive pronouns are the words we use to show possession. Unlike possessive adjectives, they do not proceed as a noun, but replace it.

For example this is a possessive adjective sentence:

Das ist mein Stift!  
(That's my pencil)

Whereas this is a possessive pronoun sentence:

Nein, er ist meinen!  
(No, its mine)

## Concept B : Here is a quick look at the basic form of the German possessive pronouns:

pronouns	possessive pronouns	English meaning
ich	mein	mine
du	dein	yours
er	sein	his
sie	ihr	her's

## Concept B : Here is a quick look at the basic form of the German possessive pronouns:

es	sein	its
wir	unser	ours
ihr	euer	yours
sie	ihr	theirs
Sie	Ihr	yours

## Concept B : Here is a quick look at the basic form of the German possessive pronouns:

- The possessive pronouns are what is known as der words. This means
- they have to take the same endings as their corresponding definite
- article. These endings are dependent on the gender and number of the
- noun the possessive pronoun is replacing, and which case the noun belongs to.
