

Vocabulary Advanced Oxymoron

Class Objective: I will be able to understand the concept and can use the above words efficiently while conversing in English.

Concept A: Introduction

An oxymoron is a figure of speech that contains words that seem to contradict each other. These words may be seemingly opposing and contradictory elements are juxtaposed to form an oxymoron. It is a phrase or statement that seems to say two opposite things in them.

Oxymoron is derived from Greek words *oskús*, meaning sharp or keen, and *morōs* meaning dull or foolish. Oxymorons are used in literature to highlight absurdities, or to explain complicated or intense feelings. Sometimes words do not make sense and reveal a paradox.

Example

“I must be cruel, only to be kind”- Shakespeare in Hamlet

“That is, hot ice and wondrous strange snow.”-Shakespeare in A Midsummer Night’s Dream

Concept B: Oxymoron Words

1. kill with kindness
2. pretty ugly

1. **Introduction**

This document describes the system architecture and the components of the system.

2. **System Architecture**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

3. **System Flow**

- 1. **System Flow Diagram**
- 2. **System Flow Description**
- 3. **System Flow Details**

4. **System Details**

- 1. **System Details Description**

5. **Conclusion**

This document describes the system architecture and the components of the system.

This document describes the system architecture and the components of the system.

6. **Appendix**

- 1. **Appendix A**
- 2. **Appendix B**
- 3. **Appendix C**

7. **References**

1. **Introduction**

2. **Background**

3. **Method**

1. **Study Design**
2. **Study Population**
3. **Study Variables**

4. **Results**

1. **Descriptive Statistics**
2. **Univariate Analysis**
3. **Multivariate Analysis**

5. **Conclusion**

1. **Summary of Findings**

6. **Discussion**

7. **Limitations**

8. **Future Research**

9. **References**

1. **Study Design**
2. **Study Population**
3. **Study Variables**

10. **Appendix**

1. **Introduction**

This document describes the system architecture and the components of the system.

2. **System Architecture**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

3. **System Flow**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

4. **System Components**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

5. **System Flow**

This document describes the system architecture and the components of the system.

This document describes the system architecture and the components of the system.

6. **System Components**

- 1. **System Overview**
- 2. **System Components**
- 3. **System Flow**

7. **System Flow**
