Child's full name: _____

Club: _____

Event dates and location: _____

Parent / legal guardian's full name: _____

I confirm that I am the parent or legal guardian of the child named above and am authorised to give this permission. I authorise my child to participate as a ball kid at the Champions League Men Final 4 and the club to submit my child's registration details to the European Table Tennis Union (ETTU) and the Local Organising Committee (LOC).

I understand that the event will be photographed, filmed, televised and streamed, and that my child may appear as part of the event in photographs, live broadcasts and recordings.

I grant ETTU, the LOC and their authorised broadcasters, media partners and licensees the worldwide, royalty-free right to record, reproduce, edit, broadcast, publish, distribute and retain photographs and audiovisual recordings in which my child appears as part of the event. These rights cover live and subsequent broadcasts, replays, highlights, event-related publications and promotional materials, and the continued availability of event archives after my child's participation has ended. No further approval or payment is required for these uses. This authorisation does not cover using my child's image separately to endorse a product, service or brand. Statutory rights remain unaffected.

I understand that my child is not guaranteed to appear in any broadcast, photograph, recording or promotional material and that the authorised uses carry no entitlement to payment, royalties or other remuneration.

The registration details submitted to ETTU and the LOC will be used solely for assessing the application, organising participation, accreditation, safeguarding and related communications. They will be accessible only to authorised ETTU and LOC personnel for internal organisational purposes and will not be published or shared with third parties, except where disclosure is required by law. This restriction does not apply to the event photographs and recordings described above.

I have read and understood this declaration. Further information on the processing of personal data and data protection rights is available in the ETTU Privacy Policy: https://www.ettu.org/privacy-policy/
