NRPP requires that the Course Certificate must be issued in the name of the individual who took the course.

SunRADON CE course participation requires the NRPP certified individual's NAME be listed on the Certificate. NRPP will not accept a certificate that is issued with a Company Name.

When registering for the CE Course, please use an email that is specific to your Contact name NOT the Company registered with SunRADON.

If you have questions or need help finding your registered contact email on file, click the Request Course Registration from the CE Course Webpage and fill in the Subject as Course Registration Help.

Start here to Register (only once needed):

[Request Course Registration](#)

A SunRADON Team member will look up your existing account, verify if a separate email is required, and create a contact card that is not associated to your Company Address. The requesting individual will receive a new *Invitation email* to confirm the login and create a unique password.

Starting the Course

Log in to SunRADON.com with the appropriate Contact email.

Click the link *SunRADON CE Course – NRPP Approved Device Specific Training*, to view the 2-hour session.

After the 2-hour video is completed, click PASS Certification, Start Certification for the 10-question quiz.

With successful completion of the quiz, an Overall Performance graph will appear with your percentile and a Download certification button to view or print the Certificate of Completion.

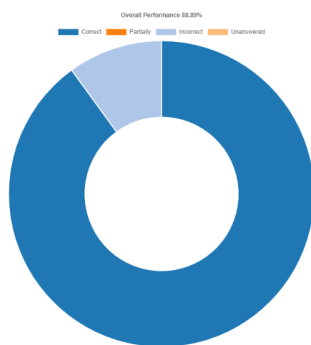

Thank you!

You scored 88.89%
Congratulations, you have passed the test!
