

Know from anywhere.

You can see all your cameras from the Nest app and get phone alerts or an email when something happens.

We take your privacy seriously.

nest

Welcome home.

Meet Nest Cam Outdoor.

Look for the light.

- Nest Cam is on.
- Connecting to Wi-Fi.
- Blinking green means someone's watching.
- Blinking blue means someone's talking through the speaker.

Clear as day. Even at night.

130° view shows you the full picture in 1080p HD. And Night Vision illuminates the whole scene.

Talk and listen.

Nest Cam has a mic and speaker so you can hear what's going on and talk through the Nest app.

Rain or shine.

Camera, cable and adapter are all weatherproof.

Tip: Choose a good vantage point for your Nest Cam – remember to keep it out of direct sunlight. More tips at nest.com/setup/nestcam

You've got a free trial of Nest Aware.

Nest Aware is a subscription plan that gives you more intelligent alerts and 24/7 continuous recording. And you automatically have a free trial. Here's what you get:

Person alerts

There's a lot going on outside. Nest sends you the alerts you care about, like when someone is coming or going.

Video history

Continuously record up to 30 days of video in the cloud and see the full story, not just part of what happened.

Activity Zones

Keep a closer eye on areas you care about – like a front porch or gate – and get alerts when something happens there.

Share custom clips

Easily create clips to share with neighbors or the police. Or make a timelapse film.
