## Release notes for Chrome 59

### Enterprise features

#### **Chrome Enterprise Bundle (May 23, 2017)**

Google announced the release of the Chrome Enterprise Bundle as well as Chrome Browser support for new platforms: Citrix Xenapp, Terminal Services, Windows Server platforms. See [the announcement](#).

### UI changes

#### **Material Design comes to Chrome settings**

Chrome Settings has updated to [Material Design](#) with a new look with the same ease of use and functionality.

Notable changes:

Larger and more prominent search bar

New menu icon  to the top left of **Settings** that gives you an easy way to jump to specific sections, like **People**, **Appearance**, and **Search Engine**

Combined and simplified **Sign In** and **People** sections

Streamlined **Content Settings** section

**Search** section renamed **Search Engine**

**Privacy** section renamed **Privacy and Security**

**Proxy** settings moved under the **System** section

Font sizes and page zoom settings moved to the **Appearance** section

**HTTPS/SSL Manage Certificates** settings moved under **Privacy and Security** section
