Rail freight

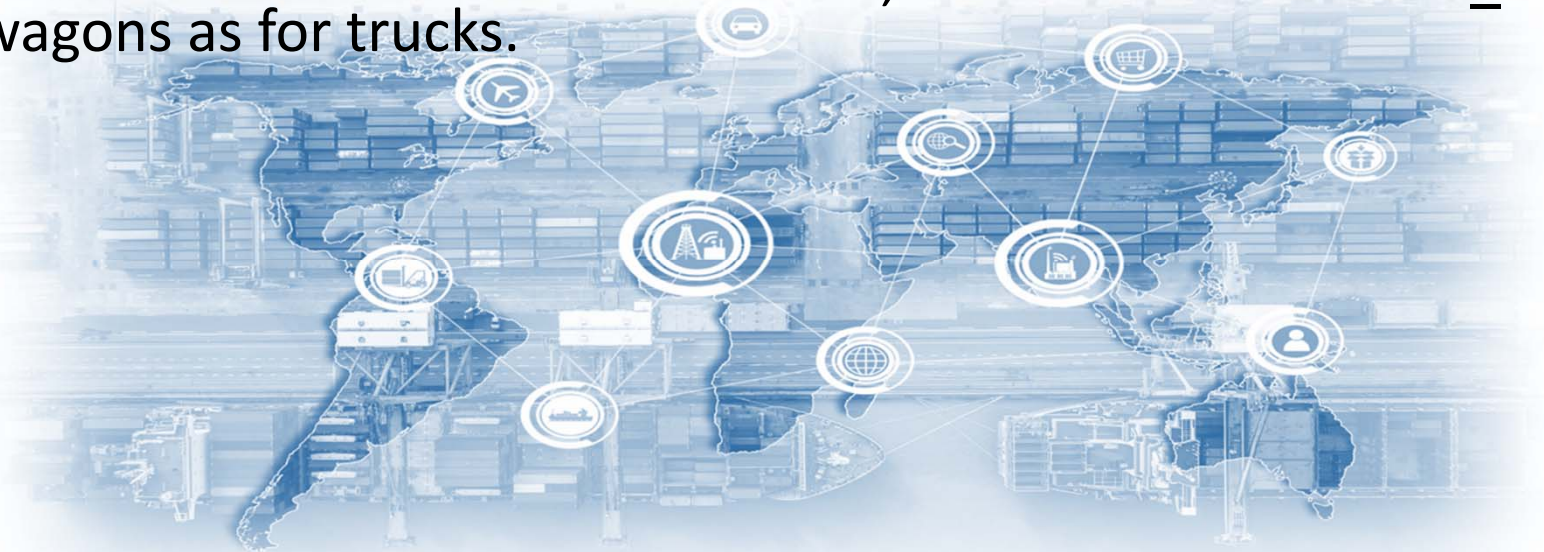

- We have long experience in rail freight services and rail operations in Azerbaijan, Russia, Georgia, Ukraine, Kazakhstan, Turkmenistan. We can select and reserve optimum type and quantity of a rolling stock for transportation of specific kinds of cargoes, by using Azerbaijan, Russian and CIS rail cars.
- We understand the traffic laws, the countries and the people, and also speak our partners' languages.
- Our team plans the loading capacities to be applied on rail cars, finds the most optimal train routes and calculates all incurring costs.
- We have access to all available wagon types of the respective participating railways, as well as private railway freight wagons.
- Rail freight from China to the Europe, via Azerbaijan through the Silk Way
- **In addition to our customers' wishes:**
 - We prepare the loading planning;
 - We independently establish our own calculations and loading schedules for oversize goods, and automatically agree on them with the participating railways
 - We take care of the necessary permits (veterinary, dangerous goods, etc.)

Ro-Ro

- The biggest point of sale of the New Port of Baku at Alat is its geographic position, sitting at the crossroads of the central corridor of the Belt and Road, which stretches from China to Europe and includes the newly opened Baku-Tbilisi-Kars railway, and the emerging North-South Transport Corridor, which connects India with Russia via Iran
- ALS offers Ro-Ro service to Kazakhstan, Turkmenistan as well as for wagons as for trucks.

Domestic delivery

- Deliver goods to/from warehouse
- Local delivery within Azerbaijan territory
- Cargo pick up
