

## **Santa Maria Plant Sales Week of June 22, 2020**

Happy Summer Solstice!

We hope all of our customers are enjoying the longer days of summer. Here at Growing Grounds we are more than happy to help you get in your garden and enjoy the summer weather. We're still taking appointments to shop for plants here at our Santa Maria nursery. Please call 805-934-2182 or email [agotts@t-mha.org](mailto:agotts@t-mha.org) to make an appointment or to place an order. See our plant availability list below.

As usual, please call us starting at noon on Tuesday to order a produce bag. The cost and value of the bag is \$20. This week's bag should contain zucchini, yellow squash, spring onions, broccolini, carrots, lettuce, kale, blueberries or other fruit and a few other items yet to be determined.

Additionally, we are offering \$6 bouquets this week. These can be added on to a produce bag or ordered separately.

Thanks again for your continuing support!
