

SAP PRODUCT MANAGER

IT

The Information Technology Department at the headquarter in Austria manages the global IT agenda of Red Bull. To promote further constant growth, we are looking for an ambitious SAP Product Manager (m/f). In this position, you will manage global projects with a focus on Finance and Sales. In an innovative and collaborative work environment, you will closely work together with our business teams on identifying the right technology and solutions for their highly integrated processes. You will translate business requirements into technical concepts and control external teams for implementation. You will be part of a team that has direct support from our technology provider to innovate and development new solutions for our future business processes. You utilize from your existing project management experience in an SAP application environment, your creative thinking and knowledge about latest technology for the consumer goods industry.

YOUR TASKS & RESPONSIBILITIES:

Project/Product Management

- *Manage the full lifecycle of products of Red Bulls technical service portfolio.*
- *Coordinate and manage scope, budgets, time, and resources (implementation teams and partners).*
- *Run global implementation and rollout projects to the Red Bull subsidiaries.*
- *Lead and deliver projects based on Red Bull project management standards and principles.*

Business Partner

- *Understand, challenge and translate business requirements into functional scope and technical design.*
- *Support and advise our Sales and Finance departments in sales application matters to generate highest value for the organization.*
- *Drive ongoing enhancements and improvements of Red Bulls sales applications.*

Solution Design

- *Coordinate IT implementation teams to generate solution designs in a highly integrated, technological challenging and innovative environment.*
- *Support the transition of Red Bull sales applications to future SAP platforms S/4HANA and C/4.*
- *Take direct influence on SAP Product Roadmap through collaboration with SAP Product Management and SAP Development Teams and give best practice recommendations from consumer goods industry perspective.*

YOUR PROFILE:

1. 3-5 years of professional experience
2. Excellent Project Management skills
3. Sales Process Knowledge (preferable from Consumer Goods Industry)
4. Solid technical understanding
5. Experience with innovation and technology trends
6. Excellent communication skills
7. Performance and result oriented & team player
