Nikka Coffey Gin

This is a Gin produced by Nikka Whisky, integrating its decades of experience in distilling white spirits and blending whiskies. All of the base distillate comes through the "Coffey Still", a traditional continuous still which produces Nikka's signature grain whiskies, giving this gin a silky texture and rich body. Its aromatic complexity relies on the delicate balance of various botanicals including Japanese citrus such as *Yuzu*, *Kabosu* and *Amanatsu*. There is also a touch of apples, a fruit deeply related to the history of Nikka, followed by pleasantly tangy hints of Japanese *Sansho* pepper on the finish.
