RYE IPA

FRONTYARD BREWING

ABV 9.1% | IBU 86 | SRM 9

Rye isn't exactly new to the IPA neighborhood, but if you haven't had the pleasure, we're happy to introduce you. Unlike more common grains, rye adds the perfect bit of spicy bite to complement existing notes of citrus and pine. The result is a complex, very drinkable IPA that'll feel right at home in your fridge.

Gov't Warning: (1) According to the Surgeon General, women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. (2) Consumption of alcoholic beverages impairs your ability to drive a car or operate machinery, and may cause health problems.
