Social Sustainability

People enrich the land and we enrich our people.
We support our community with an array of
programs to ensure that we all thrive as one.

Deeply Rooted

Our roots, like our traditions, are
robust and deep. They descend far into
the soil to access glacier water from
the ancestral irrigation canals.

Thriving on Biodiversity

We preserve and nurture plants, insects, and animals
so that our vineyards can adapt to a changing
environment.

Natural Resilience

A reverence for traditional farming practices has shielded
our ungrafted vineyards from harsh interventions,
sustaining the land for generations to come.

Stronger Together

Tilia wines reflect our values:
honor tradition, support the
community, and respect nature.
