CARTOLOGY

88% CHENIN BLANC | 12% SEMILLON

Chenin blanc and Semillon have been planted at the Cape since 1656. They are truly traditional Cape varieties. This wine could come from nowhere else.

Cartology is made from rare and extraordinary parcels of mature, low-yielding bushvines. These vineyards are scattered across the varied and marvellous lands of the Western Cape.

We take great care to vinify these parcels naturally and respectfully, letting them speak for themselves. Here is the Cape seen through the lens of her old bushvines.

A tribute: to those who went off in search of treasure, and found diamonds in the rough.
