TEXAS ALCOHOLIC BEVERAGE COMMISSION 2 0 1 2

PREDATOR

What food best complements a fine Cabernet? Ladybugs prefer fresh aphid and mite. That's why we encourage their dining on harmful insects in our vineyards. "Natural predation" is just one of many eco-friendly strategies we're committed to. (Scan our QR code to learn more.) And for you non-ladybugs, we recommend enjoying this lush and hearty Cab with a juicy steak or tender prime rib. 🍷
