AKVINTA VODKA

Five natural filters: charcoal, marble, silver, gold and platinum purify Akvinta in turn, to create a vodka of crystal clarity and exceptional smoothness.

40% Alc. By Vol. (80 proof) 750 ml

Akvinta

Twenty five years searching for perfection led us to Dalnava, famous through history for the purity of its water. Filtered by nature and untouched by human hand. In the lush valley of Istria, surrounded by high mountains, our dedicated team of vodka experts combine local spring water, finest alcohol distilled from Italian wheat and clean Adriatic air to produce an extraordinarily soft, smooth vodka with great depth and sophistication. Akvinta's name derives from the Latin *quinta* representing the five filters. *Aqua* expresses the purity of water and *Vodka* its elegance and taste. www.akvinta.com
