Rejoice!
A Better Way to Drink
We believe better health comes from better choices – and the alcohol you drink should be no exception. From the world's most loved Kombucha company comes a thoughtfully crafted Hard Kombucha that has just the right amount of ABV without compromising its quality or potency.

This is How We Brew It
Real Kombucha is not normally high in ABV. To achieve higher levels responsibly, we utilize a unique "dual fermentation." This method results in an alcoholic beverage that protects the integrity of Kombucha's desirable properties. Each bottle offers a pure and sophisticated experience for those who want to imbibe while still prioritizing their health and wellbeing.
