Ludovicus Blanco

GRAPES 100% Garnacha Blanca

LOCATION Batea, at 1,168 ft, in the Terra Alta DO (Zone 5), in northeastern Spain, south and west of nearby Priorat and Montsant.

SOIL Calcareous clay provides good water retention, low organic matter lowering yield, hence its greater intensity and complexity.

CLIMATE The average temperature between April and October is 67.3° F, annual rainfall is 16 inches. The warm Mediterranean climate is tempered by the Terra Alta's high altitude, allowing the slow ripening Garnacha Blanca to fully ripen.
