### Social Sustainability

People enrich the land and we enrich our people.

We support our community with an array of programs to ensure that we all thrive as one.

### Deeply Rooted

Our roots, like our traditions, are robust and deep. They descend far into the soil to access glacial water from the ancestral irrigation canals.

### Thriving on Biodiversity

We preserve and nurture plants, insects, and animals so that our vineyards can adapt to a changing environment.

### Natural Resilience

A reverence for traditional farming practices has shielded our ungrafted vineyards from harsh interventions, sustaining the land for generations to come.

### Stronger Together

Tilia wines reflect our values: honor tradition, support the community, and respect nature.
