SEVEN STONES

When you travel the majestic Similkameen Valley, you will come across seven prominent boulders or erratic rocks deposited by the glaciers. Each rock has a story or legend to tell within the history of this land. Our winery pays tribute to the Seven Stones of Similkameen. Bromley Rock is a large Boulder located near the highway at the edge of the river in between Hedley and Princeton. It is known for its beautiful beach, campground and the diving opportunity into the beautiful river waters that surround it.

Boulder 2013
This multi-layered blend is predominately Cabernet Sauvignon with enhancements of Merlot, Cabernet Franc, Petit Verdot and Malbec. The aromas feature blackberry, violet, tobacco, olive and coffee that are followed by flavours of raspberry, ripe plum, coffee bean, cocoa, vanilla and spicy oak. This wine has a soft velvety mouth-feel and a complex long lingering finish.
