TEXAS ALCOHOLIC BEVERAGE COMMISSION
Texans Helping Businesses & Protecting Communities

Mornings of foggy coolness, sun breaking through to the surrounding hills. A minute-by-minute change. Warmth settles in as the vines begin their work of the day—Mother Nature's magical creation. This evolution goes on for six months, incredibly, as vines fight to ripen their clusters all the way to the October harvest. Finally producing the story of Napa, the elusive Cabernet wine whose singular character neither science nor scholars can fully explain. The fine tastes of Napa are derived from the soil, climate and a dedicated winemaker.
