Biodynamic® 101:

✦ The Preparations ✦

We make the nine preparations required on certified Biodynamic farms. These preparations are concentrated composts made from ingredients gathered onsite. We apply the preparations to our vines & soils in diluted amounts, much like homeopathic remedies. Yarrow, chamomile, nettle, oak bark, dandelion, quartz & cow horn work together to promote photosynthesis, stimulate root growth & enliven soils.

BIODYNAMIC® WINERY

Aromas of raspberry and toasty rosemary open to reveal robust flavors of blackberry, black cherry and red clay. This estate grown, food-friendly Zin finishes with a lively acidity and balanced, earthy tannins. Try it with a classic Coq au Vin or tangy backyard barbeque.

Our vineyards are located at the headwaters of the Russian River in beautiful Mendocino County. Our Biodynamic wines are crafted in harmony with the rhythms of nature and fermented on native yeasts without chemical pesticides or preservatives. As three generations of organic farmers and winemakers, we find that our care and respect for the earth is reflected in the expression of purity and true terroir in our wines.
