TERRAZZO GEMMA - CONTAINS SULFITES - INHALT SULFITE - BEVAT SULFITE

"Hedgehog" is the name of the single vineyard block, chosen by the ALPHA ESTATE vinegrowing team to designate the best expression and typical character of Xinomavro.

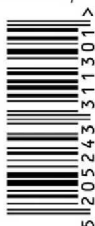

The noblest red vineyard name is northern Greece. The vineyard name is Hedgehog because it is an ancient nesting area for the local hedgehog species that we continue to preserve and protect. The vineyard is at an altitude of 690 meters, at the south block of our Estate, with northern exposure, on low fertility soil of excellent drainage, facing Petron lake and Voras mountain.

Red vinification with cold soak and ageing in the bottle before release. Excellent with juicy grilled red meats, sausages, stewed hare, beef or pork in spicy tomato sauce, grilled red peppers, ripe matured cheeses. Best enjoyed at 16-18°C.
