INDICAZIONE GEOGRAFICA TIPICA

RED WINE - PRODUCT OF ITALY

Pietranera is produced from a selection of grapes cultivated in a privileged territory situated in the heart of Tuscany. Good exposition to the sun, dry cool clay soil and a mild climate favor vines growth and optimal grape production. The grapes are vinified using their own natural yeasts and after fermentation the wine is transferred to French oak barrels for malolactic fermentation. Bottling take place without cold stabilization or filtering to avoid altering the wine's signature taste.
