RED WINE — PRODUCT OF ITALY

In 1987 we started producing Piaggia wine because we were convinced our vineyard, situated 14 km from Florence, is unique thanks to its being well exposed to the sun with cool, dry and clay soil. Using the grapes' own natural yeast, they are vinified in small containers after a long maceration phase to extract all the noble substances from the skin. The wine is matured for 18 months in fine French oak barriques and bottling take place without cold stabilization or filtration.
