RED WINE – PRODUCT OF ITALY

Il Sasso is the name of a privileged territory situated 14 km to the west of Florence where excellent exposure to the sun, cool, dry soil and mild climate favor vines growth. Grapes from the Il Sasso vineyard are vinified in small tanks using their own natural yeasts.

After fermentation, the wine is transferred to fine French oak barrels and matured for 8 months. Bottling takes place without cold stabilization or filtration to avoid altering the wine's signature taste.
