2011 Geyserville Vineyard, bottled January 2013

A long winter delayed the start of the growing season. Having escaped late spring rains, the vines set a large crop—more than an unusually cold summer could ripen. Severe thinning became essential. Harvest began September 21, and ended October 3—a day before the first rain. Twenty-four parcels were fermented, and kept separate. In late spring, during rigorous blind tastings, we chose twelve parcels to make up the 2011. Quantities are limited, but this is a superb Geyserville, showing intense fruit, and strong vineyard character. Enjoyable now, it will continue to develop over the next ten or twelve years. EB (12/12)

Ingredients: Hand harvested, sustainably grown grapes; indigenous yeasts; naturally occurring malolactic bacteria; calcium carbonate; minimum effective SO₂. PD (12/12)
