For more than eight generations, Almaden Vineyards has been committed to crafting wines worthy of distinction. Our vacuum sealed Wine Tap ensures that our wine will stay fresh for at least six weeks after opening, and is better for the environment. Almaden Wine Taps require far less energy to produce, ship and display than the six & two thirds heavy glass bottles that they replace, reducing the carbon footprint by over 60%. And by not using glass bottles, we are able to offer outstanding wine at substantial savings.

Our Cabernet Sauvignon is a deep and rich wine with robust character. To learn more, please visit www.Almaden.com.
