BABATZIM

ESTABLISHED IN 1876 IN CONSTANTINOPLE

Anestis Babatzimopoulos, often called "Lord of Distillation", following the traditional method of Greek distillers from Istanbul in the 19th century, creates an authentic ouzo. A product of masterful distillation in traditional copper stills, Babatzim Ouzo stands out for its aromatic and delicious taste and its sweet aniseed aftertaste.

Enjoy on the rocks or blended with cold water.
Observe and admire the wonderfully fine,
white thread – like lines forming as
it blends with the water.
