VODKA

DISTILLED FROM GRAIN

PRODUCT OF FRANCE

Alpha Noble is a six-times distilled international ultra-premium vodka. The production in small batches authenticates its classiness. The outstanding quality of Alpha Noble is embodied in the selection of noblest ingredients from France: best soft wheat and purest water of the famous sources in the Southern Vosges Mountains. Five distillations passed, the copper-still-finish ennobles this master spirit to probably one of the finest vodkas in the world. The extraordinary sixth distillation, proceeded in Fougerolles, represents tradition and know-how in master distilling since the 1860s.
