2018

Casta rainha das uvas portuguesas, a Touriga Nacional marca pela sua identidade floral. Uma identidade frágil que se vai perdendo com: o tempo, o estágio e o contacto da barrica. Este ensaio mostra a Touriga pura, numa versão rara, estagiada apenas 3 meses em cuba, para que clarifique de forma natural. As uvas são de solos de xisto e a fermentação ocorreu de forma espontânea. A Touriga Vai Nua? Vai! Mas nunca a vimos tão bem vestida!

Queen of all Portuguese grapes, Touriga Nacional, is known for its floral aromas. This true identity is fragile and fades slowly away, with time and oak ageing. This trial, captures its pure young version, rare to the general public. Aged only for 3 months in tank, to only allow natural clarification. These Grapes come from schist soils and fermentation was spontaneous. Is the Touriga Naked (Nua)? Yes. But you will find that it has never been so well dressed!
