Marlborough is one of the most unique growing regions in the world. At latitude 42° South, the Fitzroy Vineyard is known for longer days and dryer summers than other equivalent cool climate areas. The rocky river stones mean that the vines easily get to ripeness in these marginal southern latitudes. Boulder Bank Sauvignon Blanc is classic Marlborough, full and rich with passion fruit and grapefruit aromas, that follow through to the palate with a lasting minerality to keep you wanting more. Pairs well with salads and lighter seafood dishes. Drink it like I do, before, during, and after most meals. Cheers!
