2014 Cuvée Blanc de Blanc Méthode Champenoise

Widely regarded for producing the highest quality sparkling wines in the world, Méthode Champenoise refers to the labor-intensive process of wine undergoing a secondary fermentation inside the bottle rather than through tank or other less quality producing methods. While the journey to our first vintage here at 7 Creeks Vineyard has been equally labor-intensive we feel it is only appropriate to quote the old adage:
"Good things come to those who wait." Enjoy!
