Cullen Wines respectfully acknowledges the Wardandi people, past and present, traditional custodians of the land on which this wine was grown. Cullen Wines is a Carbon Neutral and naturally powered estate. A Red Moon occurs during a total lunar eclipse when the light filtering through the Earth's atmosphere dapples the moon in red light. A penumbral lunar eclipse occurred on the 11th of February 2017 during harvest. Fruit from the Mangan Vineyard was hand harvested, fermented naturally and basket pressed to 10% new French oak where it matured for a further 9 months. This wine displays a vibrancy of fruit and elegance common to wines from the Mangan Vineyard.
