TEXAS HIGH PLAINS

Cabernet Sauvignon

Dry Red

2018

Cabernet Sauvignon was developed in the seventeenth century in southwestern France as a result of an accidental breeding between a red Cabernet Franc and a white Sauvignon Blanc. It is known for its thick, durable skin and healthy level of tannins, which allows the wine to evolve in the bottle for many years. It also responds well to spending time in oak, bringing out beautiful new flavors.

This wine is 100% Texas, big and bold. It's a full-bodied wine with aromas of red berry fruit with flavors of dark chocolate and round tannins lingering on the palate.
