ALFA CentaURI^L

SAUVIGNON BLANC

2009

As the story goes, Nemec was the chief hunter of the tribe. He wanted to hunt an enormous "Choike" (a native ostrich) that he saw in the mountain.

Just as the animal was nearly captured, it escaped, flying toward the Stars. The chief threw his "Boleadoras" weapon with all his strength, but it didn't reach the enormous bird. Instead it got trapped in the sky with the Stars, becoming the Choike stars. This is how the Alfa and Centauri Stars were formed; the trapped "Boleadoras" of the bravest Mocoví hunter.
