Muscat Canelli

alcohol 12% by vol

Here at Joshua Farm, our animals enjoy being in the vineyard, especially our free range chickens and Rio Grande turkeys. Most of our grapes grow above the reach of our chickens, but our turkeys are able to enjoy our Muscat grapes when they stretch up their long necks and hop a bit. At Joshua Farm we naturally ferment our wines using the natural yeast from the grape skins themselves. Fermenting the Muscat Canelli grapes in this way produces a sweet white table wine with peach and citrus overtones. This wine is recommended for drinking on those hot summer nights while sitting on the porch.
